## OUR MISSION

Feeding Hands is a 501c3 non-profit organization which exists to care for the poor by loving and serving our neighbors in need by engaging individuals, churches, organizations, and businesses in addressing the issues of poverty. Our food pantry program operates with empathy, creating connections and exhibiting stewardship to serve the struggling among us to lift the quality of life for the greater community. We engage the entire community and our many partners resulting in vibrant changes not only in the way people view food insecurity but also in the way they view their neighbors.

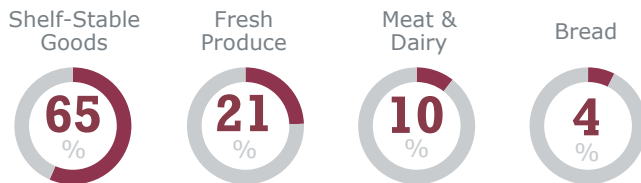

## VALUE OF FOOD DISTRIBUTED

- 2019 ● **\$350 Thousand**  
\$110 per Family\*
